

Water

I Love Water.

It is fun to go
swimming. I can do
three back flips in a
row. It makes me dizzy
but it is fun. I
also like to jump
off Dads shoulders
in to the water.

my grandparents have a
swimming pool. I like to jump
off the diving board.

The Ocean is also
awesome! It is fun to
(awesome)
swim over the waves.

When I go on vacation
where it is hot
like to snorkel
and see different
color fish and
shells. The water
looks very blue and
that is my favorite
color. My Mom says

My eyes look like
water. In the winter
water ^(freezes) I can't
swim but I can skate.
^(skate)
Skating is hard but I'm
getting better. After I go

skating or sledding
I like to go to my
hat tab. I glide
from ^(one) side to the
other side. Mom doesn't
like me to splash.

but I do! I like to
drink cold water in
my hot tub or suck

on ice. I love water
so much I would never
want to live in the
desert because there's
not much water.
