

1

My best friend in preschool is not playing with me in Kindergarten.

Once upon a time my best friend stayed the whole year.

And in preschool we played on the jungle gyms on the playground. And we played games inside. Like we did ABC stuff.

And we drew pictures for each other.

2

And one day we studied mail and we got to mail pictures. Me and my best friend mailed our pictures in each others cubby.

Then we started kindergarten and my best friend is not in my class and that made me feel bad.

3

And now she does not play with me at recess and it made me feel bad.

And one day I asked her to play with me and she said she would play with me for a couple days.

And then I was happy.

I hope we stay friends until college.

the end.
