School Committee Report

September 2019

Facilities & Transportation

The custodians worked extremely hard this summer and have all schools ready for the beginning of the year.

The gym floor at WJHS was replaced and is ready for use.

Necessary repairs were made to the athletic fields. They are rested and ready for the fall sports season.

All scheduled CIP projects were completed over summer vacation.

Parking lots have been spruced up with freshly painted lines, arrows, and crosswalks where necessary and the grounds look outstanding overall!
