

POLICY REVIEW AND EVALUATION/MANUAL ACCURACY CHECK

In an effort to keep its written policies up-to-date so that they may be used consistently as a basis for School Committee action and administrative decision, the School Committee will review its policies on a continuing basis.

The School Committee will evaluate how the policies have been executed by the school staff and weigh the results. It will rely on the school staff, students, and the community for providing evidence of the effect of the policies which it has adopted.

The Superintendent is given the continuing commission of calling to the School Committee's attention all policies that are out of date or appear to need revision for other reasons.

The School Committee directs the Superintendent to recall all policy and regulations manuals periodically for purposes of administrative updating and School Committee review.
