

STUDENT FUNDRAISING ACTIVITIES

The School Committee recognizes there is a need and value for students to raise funds to conduct certain school activities and to benefit the school or community. All such related activities are governed by District regulation and must be:

1. Conducted by a recognized student group for the purpose of contributing to educational objectives and/or the activity with which the group is involved;
2. Appropriate to the age or grade level;
3. Activities in which schools may appropriately engage;
4. Conducted under the supervision of teachers, administrators or an adult approved by the principal;
5. Conducted in such a manner and at such times as not to encroach upon instructional time or interfere with regularly scheduled school classes and activities;
6. Not unduly demanding on teacher time or work;
7. Scheduled so that students are not continuously soliciting from businesses and individuals;
8. Groups that regularly conduct fundraising activities shall submit a plan for such fundraising activities to the Principal for approval;
9. Provide the students with a positive learning opportunity.

The application of the above criteria for student sales and activities shall be supervised by the principal who will inform the Superintendent of Schools of all approved activities.
