

PARTICIPATION IN PERFORMING GROUPS AS PART OF SCHOOL CURRICULUM

The Wells-Ogunquit C.S.D. School Committee is committed to providing within the school day instructional programs in the performing arts which are of a high quality. The School Committee, therefore, approves the offering of academic credit for the successful completion of the course requirement for Band, for Chorus and for Drama.

It is also recognized that performances are an integral part of the course offering and that performances may be conducted outside the normal school day or week. It shall be the policy of the Wells-Ogunquit C.S.D. that all students shall be advised of the total course requirement including performances prior to enrolling in the course. Once the student enrolls, he/she has made a commitment to fulfill the course requirement. It is expected that all enrolled students in a course requiring performances shall participate in those performances under the same rules and regulations, including attendance, as are the requirement of a course during the regular school day.
