

STUDENT RELEASE

Once a student arrives at school, he/she may not leave the building unless on a school related activity or a medical emergency arises. If this occurs, approval and verification must be granted by an administrator. If a parent/guardian wishes their child to leave school for any other reason, it should be requested in writing at the start of the school day.

Any student being released during the school day must be released through the school office when he/she leaves and must report to the office when he/she returns, except that students who are ill may also be released through the nurse's office.
