

DATA COLLECTION

For administrative purposes and for review of the impact of the attendance and attendance related policies, the principal will assume that the following attendance data will be collected and available for review within two weeks after the end of each quarter and after the end of the school year:

1. Number and percentage of students who failed at least one course compared to number of students who failed at least one course in the prior year,
2. The absentee rate for those students failing at least one course,
3. Identification of subjects and levels where cutting is comparatively extensive,
4. Comparison of absentee rate by months with the previous year.
