

STUDENT HEALTH SERVICES

A school nurse will be in attendance at the school at various times. Treatment is limited to first aid care. Parents must be notified before a student who is ill is permitted to go home.

1. Any student not in class because of illness must report to the nurse/office.
2. No internal medication is to be administered by school personnel except as prescribed by a doctor and accompanied by a parental permission form.
3. All accidents occurring on school property are to be reported to the school nurse and the school principal immediately. Students attending school during the extended day, night or summer school or any other time when the school nurse is not in the building are to report to the main office immediately in case of illness or accident.
