Wells Junior High Principal Search Update

I met with faculty and staff on June 1, 2016 to discuss the WJHS Principal Search Process. A facilitated discussion also took place at this meeting. A list of school priorities and principal characteristics was generated. This list will be used while evaluating applications and developing interview questions.

- The application deadline is June 21, 2016.
- Two finalists will be forwarded to me by the Committee by June 30.

Two committees, Selection and Interview, have been formed with Stacey Schatzabel as Chair.

- The two committees have been created to include respected teachers selected by their peers, along with a parent, administrators, and a school committee member.
- The two committees are separate from one another and will not discuss the process.
